Sharks

A Symphonic Redemption

WHY SHOULD WE SING
ABOUT SHARKS?

Few animals spark as many emotions as sharks. This group of fish has been around for a very long time — they existed before humans, dinosaurs, and even the first trees. They are vital to the health of marine ecosystems, and their presence is a sign of life in the ocean. “***Sharks: a Symphonic Redemption***” combines humor and music to share just how fascinating sharks can be.

Tu Rockcito, the **Orquesta Filarmónica de Medellín**, and **ClaraLuna** have come together to tell and sing the story of sharks.

SING, PLAY AND LEARN!

1. I Am The White Shark

Hello humans, nice to meet you,
I'm the best under the sea!
Carcharodon carcharias, yeah!
I'm the king, don't disagree

I'm hungry, I'm sniffing
What's for lunch? A lionfish?
I sneak up, nice and quiet...
A good fish, that sounds delish!

Now I see it, getting closer,
In my mouth it disappears!
Because I'm a
Sharky-sharky-sharky-sharky-sharky-
sharky-shaaaaark!
Ohhh!

Though my grin may bring you chills
There's no need to escape or fly.
With three hundred pointy daggers,
I would rather eat a seal

I'm still hungry, I confess
not much to eat today
With this body, curvy and sexy,
I would need to hunt more prey

When I eat food, I recover
The equilibrium in the sea.
My big impact has been here
For a while I guarantee!

I'm the shark, with biggest bite,
the brightest spark, the strongest white
Because I'm
the snarky, sparky, sharky, snarky,
sparky, sharky shaaaaark!
Ohhh!

Hollywood and all their movies,
Undermine my reputation.
Humans judge me, fear my body,
but they need my conservation.

I control the carnivores,
control the herbivores,
control the algae, even the CO2.
I'm proud to be shark
I have all my charm
Carcharodon carcharias,
evolved to have fun.

Hello humans, nice to meet you,
I'm the best under the sea!
Carcharodon carcharias, yeah!
I'm the king, don't disagree

I am hungry, I'm smelling
I'm a white shark, here to stay!
They call me by two names
In the streets and by science

My smile, you may guess
You would think is a big threat.
I just really, want to eat
Some tacos made of seal.

Now I see it, getting closer,
In my mouth it disappears!
Because I'm a
Sharky-sharky-sharky-sharky-sharky-
sharky-shaaaaark!

Ohhh!

Ohhh!

Carcharodon Carcharodon
Carcharodon carcharias!

Carcharodon Carcharodon
Carcharodon carcharias!

Everybody now, sing with all of us!
The white shark's name in science class
Carcharodon carcharias! *Carcharodon*
carcharias!

Everybody now, sing with all of us!
The white shark's name in the streets
now

White Shark, that is me, I'm king!

2. The Awesome Bull Shark Ft. ClaraLuna

They told me they saw a shark, in the river Magdalena (repeat)
And told me it came to learn, and to dance la Macarena (repeat)
They told me they saw a shark, having dinner with a snake (repeat)
The fishermen were screaming, running, jumping and scared (repeat)

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

They saw a megalodon, swimming near Barranquilla (repeat)
The excitement it created, like a concert from Shakira (repeat)
The river is getting saltier and it seems like sparkling water (repeat)
The bull shark is here to dance, and enjoy the biggest party (repeat)

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

Bull shark, in the river, or in the sea
Bull shark, in the river, come here to see. (repeat)

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark
It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

*It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark
It swims into the river, the awesome bull shark
It likes the parties here, leaving a cool mark*

3. Megalodon Megaloshark

The days are not the same out in the sea
My favorite swimming spots are fading from me.
The end is getting closer,
the Earth is changing faster than me
It's not fair that the biggest carnivore
Just disappears, just disappears.

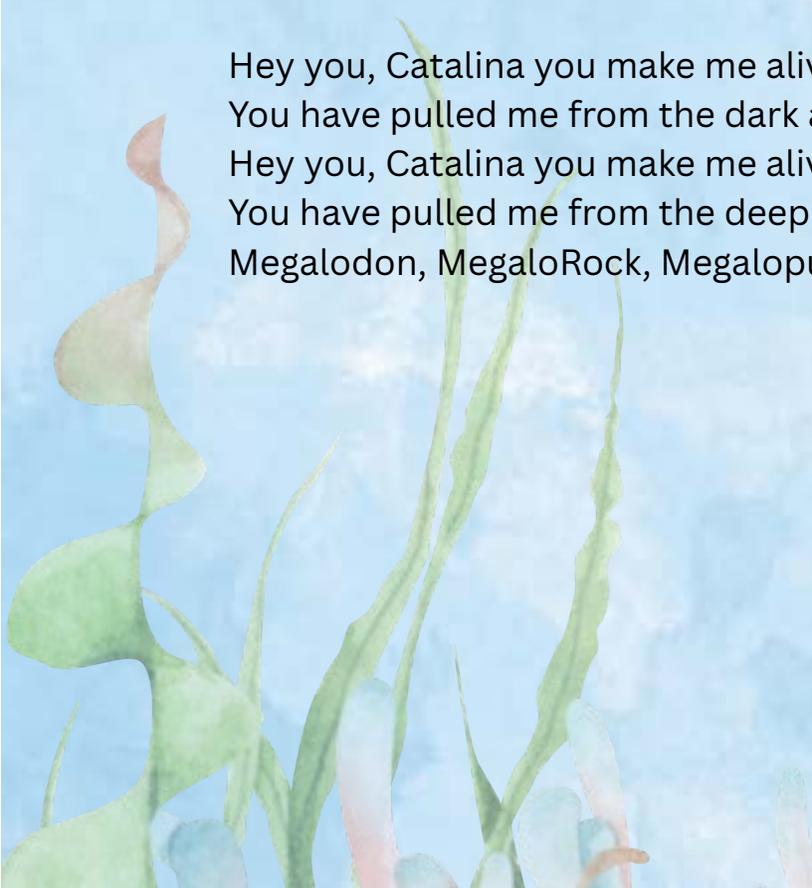

I've planned to leave some clues before I go,
Something from my body that survives heat and snow.
After thinking long, after thinking long and hard,
I have made my choice: i'll put my teeth underground
(Megalodon)

My teeth will last through time! (Megalorock)
My teeth will keep me alive! (Megalopunk)
My teeth will bring me life!

Three million years later or maybe more,
In the Panama Canal, close to the shore,
A young lady scientist, a detective that's for sure
Is about to reveal a story, something untold.

She finds a hidden tooth deep in the ground.
Catalina Pimiento screams and shouts so hard "Eureka".
It's a giant tooth,
A massive fossil prize!
This amazing clue
Will change the rest of her life
Will make her strong and alive!"

Hey you, Catalina you make me alive!
You have pulled me from the dark and hazy past.
Hey you, Catalina you make me alive!
You have pulled me from the deep and shadowed past.
Megalodon, MegaloRock, Megalopunk, Megalofunk!

4. I Don't Wanna Stop (Funky Sharks)

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan.

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan.

If you are a shark who's just been born
from a mermaid's purse,
you must learn to breathe and swim,
and to dance, in the sea.

Listen when I tell you,
keep moving my friend
Because staying alive
is important for a fearless shark
in the sea, now you see.

If you stop, you won't breathe easily.
Sharks come here, keep dancing
endlessly!

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan

When you're swimming forward,
with your mouth wide open,
the ocean water flows,
and your gills fill up with oxygen,
in the sea, now you see.
oxygenates your body
the gills in all their glory.
Energy flows, giving power to the cells
what they need, in the sea.

If you stop, you won't breathe easily.
Sharks, keep dancing,
dancing endlessly!

Dance now, dance now, in the water,
Dance now, dance now, all the sharks.
If you stop now, might regret it,
Dancing makes you full of grace.

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan

I don't wanna stop
I don't wanna stop
I don't wanna stop
I do want my oxygen, I should move,
that's my plan

5. Shark Race Ft. Juan Felipe Gutierrez

Welcome girls, boys, and sharks!

We are at the most anticipated event of the year: The shark race!

We call the sharks to the aquatic track.

Grease your fins and check the oil in your gills, we're ready to start.

Five, four, three, two, one... and the race begins!

Hammerhead Shark goes full throttle and takes the lead!

Attention, attention! Blacktip Shark starts showing the nictitating membrane, what an awesome adaptation!

The thresher and silky sharks fall behind, because the catshark falls asleep blocking the track, while the Bull Shark had to go to the bathroom.

Suddenly, from the back, an unexpected shark shoots out like a rocket: the Mako Shark!

Attention, attention! It overtakes the others – amazing, incredible! 45 miles per hour! Astonishing, it's breaking all the records!

Mako, Mako! The crowd goes wild and the Mako wins the race! Mako: the fastest shark on the planet.

Make your bets!

Pay attention everybody!

Welcome to the shark race!

Welcome to the power

To the power of the sharks

Get ready upon the start line,

All prepared to dine.

Everybody is excited, at the starting line today
all set and ready, for the hunt and dine of prey

Mako, Mako, Mako, Mako,

Mako, Mako, Mako.

Bull Shark, Silky, Thresher, Spinner,

Whitetip, Blacktip, Catshark shark.

Night Shark, white shark, join the roar,

All set here to flaunt their lore.

Lemon, Sawshark, Spiny Dogfish;

Tiger, sandbar, who will win?

Nurse Shark, dusky, finetooth here

All together have no fear.

Diving a full speed, diving a full speed

No one can beat the Mako Shark.

Diving a full speed, diving a full speed

The Mako is breaking a new mark.

Mako, Mako, Mako, Mako,

Mako, Mako, Mako.

Boys and girls, get up on your feet
Move your body faster than the mako did.
Shake your head, and stomp your feet,
This game kicks off on the count to three:
One, two, one, two, one, two, three, go.

Diving a full speed, diving a full speed
No one can beat the Mako Shark.
Diving a full speed, diving a full speed
The Mako is breaking a new mark.

Alright, alright kids stop, parents is your call,
can you outpace the speed of the smallest of the room?
Hey moms and dads, now it's your turn,
move your limbs swifter than a drum
shake your head, and stomp your feet,
this game kicks off on the count to three:
One, two, one, two, one, two, three, go!

Diving a full speed, diving a full speed
No one can beat the Mako Shark.
Diving a full speed, diving a full speed
The Mako is breaking a new mark.

This final test is for parents and kids,
Get ready with your heads and feet.
Will the earth shake with your pads?
Get ready with Medellin's Philharmonic Orquesta and Tu Rockcito,
We'll stage the Mako Shark-Rockcito race.

Kids and parents, now it's your chance,
Move your body faster than the shark.
Shake your head, and stomp your feet,
This game kicks off on the count to three:
One, two, one, two, one, two, three, go!

Diving a full speed, diving a full speed
No one can beat the Mako Shark.
Diving a full speed, diving a full speed
The Mako is breaking a new mark.

Diving a full speed, diving a full speed
No one can beat the Mako Shark.
Diving a full speed, diving a full speed
The Mako is breaking a new mark.

6. It's Coming (Hammerhead Shark)

Ft. ClaraLuna 

It's coming
It's coming
It's coming

Let's hide it is getting closer
Let's hide it is coming here
Let's hide it is getting closer
There's no safe place in the sea!

When I'm buried in the sand
Or hidden among the fish
That mighty hammer can find me
Everywhere along the sea

Though the current drags me out
a hurricane may send me far
Hammerhead is here
I cannot disappear

It's coming
It's coming
It's coming

Let's hide it is getting closer
Let's hide it is coming here
Let's hide it is getting closer
There's no safe place in the sea!

The great hammerhead
With hunger explores the sea
He looks for me far and wide
With his eyes set far apart

He loves to swim with all his friends
And other days he is all alone
I wonder how he does it
A legend to be known

It's coming
It's coming
It's coming

Let's hide it is getting closer
Let's hide it is coming here
Let's hide it is getting closer
There's no safe place in the sea!

I am an awesome manta ray
I'm like a butterfly of the sea
I love to play at hiding here
So, my little babies can all live free

Sharks and rays are close cousins
Fins and gills will surely attest
Family ties don't matter
When the hunger drives all the quest

It's coming It's coming It's coming
It's coming It's coming It's coming
The hammer is coming; the hammer is
coming!

Let's hide it is getting closer
Let's hide it is coming here
Let's hide it is getting closer
There's no safe place in the sea!

Let's hide it is getting closer, Let's hide it is
coming here
Let's hide it is getting closer,
There's no safe place in the sea!

7. Painted Musola (Smooth Dogfish)

On a star-filled night,
One you won't forget,
To Providencia came
A little shark and two rays

She began a magic dance,
Moving from day to night.
Who is she? Who is she?
I want to know!

She is the painted musola,
she is the gymnast of the sea
She spins and swings in the water,
teaching us how to dance
Ahhhh! Ahhhh!

Sharks and rays reveal
Secrets from the sea
They are cousins, they are kin
With no bones, they dance so free

They move around, from left to right,
Cartilage bends – soft, smooth, and white.
Who is she? Who is she?
I want to know!

She is the painted musola,
she is the gymnast of the sea
She spins and swings in the water,
teaching us how to dance
Ahhhh! Ahhhh!

If you crave motion in your days
Be a shark and let the cartilage guide your ways
To stay limber, that's the real notion
Be a real shark and move your body with devotion

She is the painted musola,
she is the gymnast of the sea
She spins and swings in the water,
teaching us how to dance
Ahhhh! Ahhhh!

All get ready, now is time to play
just like the Musola, deep inside the bay.
Sharks and children, join this great display
we are testing flexibility today.

Touch your nose with the tip of your toe,
Now spin around and jump as you go!

Put your right hand far behind your head,
Bend your knees, up and down again.

Left hand grabs your heel so tight,
Chin to chest – now hold it right!

Welcome to the Shark Club's grand domain
Where cartilage rules / and makes you great

Welcome to the Shark Club's grand domain
Where cartilage rules and makes you great

She is the painted musola,
she is the gymnast of the sea
She spins and swings in the water,
teaching us how to dance
Ahhhh! Ahhhh!

8. Squalocat (Cat Shark)

Wandering in the water
From Santa Marta to Riohacha
We saw a shark, a fancy shark, a serious shark
Glamorous shark with a mustache.
We saw a shark, a fancy shark, a serious shark
Glamorous shark with a mustache

Could it be a hammerhead shark? (no)
What about a thresher shark? (no)
Maybe a great blue shark? (no)
Perhaps a mermaid rock star? (no)
Maybe a great blue shark? (no)
Perhaps a little mermaid rock star? (yes)

Suspicious little stare
And the skin is rough and bare
Tiny teeth that no one else can claim
Cousins and the neighbors
Really have some feline flavors
Loves to hide inside the coral frame

*It is a funny shark
Sleeping Squalocat
He looks like a cat, what a cool design!
Kitty-kitty Squalocat!*

*It is a funny shark
Sleeping Squalocat
He looks like a cat, what a cool design!
He really loves his own mustache
He looks like a cat, what a cool design!
He really loves his own mustache*

The sound of the clave, the sound of the clave
The sound of the clave, the sound of the clave
Everybody shout squalocat
Everybody shout squalocat

Squalocat, Squalocat, Squalocat, Squalocat
Squalocat,. Squalocat, Squalocat, Squalocat

9. Quixote of the Light (Dwarf Lantern Shark) Ft. Marifran

Carry glow and warmth
through the coldest nights,
from Venezuela's shores to Colombia's bright
No borders restrain him, no frontiers to defy,
Poseidon's passport was granted tonight.

He believes he's enormous, a gigantic shark,
yet he's the tiniest dweller in the ocean's dark.
Tiny lantern shark, Quixote of the brine,
seeks his Dulcinea in the depths of time.

Like a star,
shining light across the sky,
through the ocean's coldest nights.
He thinks he's a giant, Quixote of the light.

The tiny lantern shark doesn't know it's small
in darkness, there are no mirrors at all.
With glowing skin, he lights the ocean's path,
bioluminescence shining through the dark.

The colors of its glow shine in endless night,
like a painting by Rembrandt or Chagall.
Through natural selection, wonder will arise
let time take its course, a marvel of life.

Like a star,
shining light across the sky,
through the ocean's coldest nights.
He thinks he's a giant, Quixote of the light.

Like a star,
shining light across the sky,
through the ocean's coldest nights.
He thinks he's a giant, Quixote of the light.

Like a star,
shining light across the sky,
through the ocean's coldest nights.
He thinks he's a giant, Quixote of the light.

10. Whale Shark

Tiny as a starfish, she was at her birth,
Now she's the biggest fish
to ever swim the Earth.
The mighty whale shark,
wanderer of the sea,
She holds a thousand secrets,
more than you could ever hear.

She came from a long trip,
adventure of the sea
Stories in the water,
that set her spirit free
As a tiny fish, I left my mother's side,
and set off on a journey
that no one could survive.

My big and spotty body,
surprises and splashes
The patterns in my skin
identify me in the water.
My skin is like a domino,
a starry board of fame,
with tiny teeth and giant mouths,
the ocean knows my name.

With my mouth wide open,
I filter all the sea,
tiny krill and plankton
that provide the food to me.
Some say I'm a mammal,
but I'm just the biggest fish,
Whale shark is my name,
to meet you is my wish

I carry our story of secrets, tears and
magic.

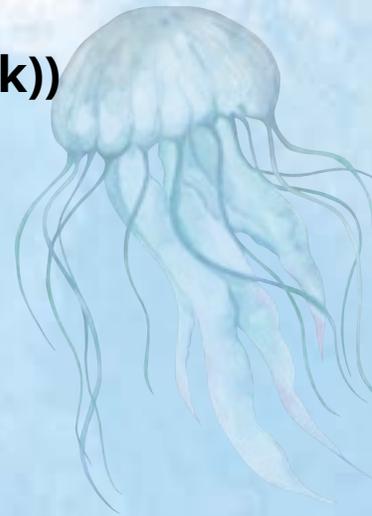

I travel all the oceans, from cold to
warmer waters
sometimes they recognize me
when I visit all my daughters
sometimes I touch the bottom,
of the dark and coldest waters.

My travel gives emotion
to the coral reef around,
the borders are not there,
in my trip to other lands
if travel close to you
with my slowly swimming,
life becomes a party
the sea from the beginning

11. El Espeluque (Messy Haired Shark))

Ft. ClaraLuna 

It was in Marbella
In a Caribbean town
A shark full of colors
Under the bright and shiny sun

It shines under the sea
Right under the sea
It makes the people happy
It really makes them zappy.

The kids in Cartagena
are ready for the party
Preparing milk and cookies
And wearing something snazzy.

12. Water That Flows from the River

Ft. ClaraLuna 

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

One, two, three
Four, five and six
Seven, eight, and nine
And the rain comes to life.

One, two, three
Four, five and six
Seven, eight, and nine
And the rain comes to life
And the rain comes to life.

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

One, two, three
Four, five and six
Seven, eight, and nine
And the rain comes to life

One, two, three
Four, five and six
Seven, eight, and nine
And the rain comes to life
And the rain comes to life

Listen to the music, and close your eyes
Think about the rhythm that gives you life
Imagine drops of water touching your hair
like magic on the air.

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth

Rain falls in the forest, the song begins
Frogs creating a chorus like violins.
A symphony of bugs, the best orchestra
In the land of water, the biggest fiesta.

Water that flows from the river
water that flows from the sea
water that falls from the sky
brings all life to the Earth
